

BSA Troop 370

Youth Registration Instructions

To register your son with Troop 370, you will need to complete the BSA Youth Application and the Annual Health and Medical Record.

BSA Youth Application

filestore.scouting.org/filestore/pdf/524-406.pdf

- Please complete all items.
- Enter your son's BSA membership number if your son is crossing over from a Pack or is currently a member of another Troop.
 - You can find the registration number on your son's membership card, or you can find it by clicking the  membership card icon at my.scouting.org/dashboard-legacy

Health Record

filestore.scouting.org/filestore/HealthSafety/pdf/680-001_ABC.pdf

- Please complete all items.
- Parts A & B need to be completed at this time and returned with the Application.
 - Remember to attach a copy of your insurance card (front and back) to Part B.
- For Part B1, the Unit Leader is Harry Evans, and his mobile number is 404-536-3427; The Council Name/ No. is Atlanta Area Council / 92, and the Unit No. is Troop 370.
- Part C, which requires a doctor's signature, will need to be completed for summer camp or other campouts with a duration greater than 72 hours and can be completed later.

Completing Registration

To complete your registration, return the following to the Troop:

- Completed BSA Youth Application
- Completed Health Record Parts A & B
- Troop Dues:
 - \$125 for applicants new to Scouting. This includes the annual national membership fee.
 - \$65 for Cub Scouts crossing over or Scouts transferring from another Troop.
 - You may pay by Venmo, PayPal (send to a friend option), or Check. Instructions are available at payments.troop370atlanta.org.

Submission Notes

- Submit the Application and Health Records:
 - at a Wednesday Troop meeting (hand deliver to an Adult Leader),
 - by emailing a PDF to registration@troop370.org,
 - or by mail or hand delivery to:
Sheri Buehner
870 Landmark Dr NE
Sandy Springs, GA 30342
- If you submit the Application or Health Record by email, please send as a PDF (not a JPEG/picture). Microsoft's *Office Lens* app (soon to be renamed *Microsoft Lens*) is available for free on the Google Play Store and the App Store to allow you to create a PDF using the camera on your phone
